

Mycitracin[®] Plus Pain Reliever

Triple Antibiotic First Aid Ointment

For external use only

Mycitracin Plus Pain Reliever combines three antibiotics with a pain reliever in a soothing, non-irritating petrolatum base that aids healing, helps prevent infection and temporarily relieves pain. Indications: First aid to help prevent infection and temporarily relief pain in minor burns, cuts, nicks, scrapes, scratches and abrasions.

Directions for use: Adults and children of all ages:

1. Clean the affected area.
2. Apply a small amount of **Mycitracin Plus Pain Reliever** (an amount equal to the surface area of the tip of a finger) on the affected area 1 to 3 times daily.
3. Cover the affected area with a sterile bandage, if desired.

Warnings: Stop use and consult a physician if the condition persists or gets worse or if a rash or other allergic reaction develops. Do not use this product if you are allergic to any of the listed ingredients. Do not use in the eyes or apply over large areas of the body. In case of deep or puncture wounds, animal bites, or serious burns, consult a physician. Do not use more than 1 week unless directed by a physician. Avoid exposure to heat & sunlight. Store at
